

Storage Battery Repairs

No matter what the make of your Battery, we can repair it right. Often a relatively cheap repair will make your Battery almost as good as new and prove a most economical investment. We often repair batteries pronounced hopeless by others. If we can't do it, no one can.

We have complete parts in stock, improved methods, full equipment and, above all, we have expert workmen.

Drive around for a few minutes' battery inspection. It pays in the long run.

TO COTTON GROWERS

ATLANTA, GA., Oct. 25, 1919.
To Cotton Growers, Dealers, Gainers, and Shippers and Railroad Officers and Employers.

Millions of dollars are lost every year through improper storage of cotton. This has been known in a general way for a long time by everybody interested in cotton, but probably very few of us have even suspected what a tremendous factor storage is in the trade, or the astounding lot of money thrown away by the individual owner who lets a bale of cotton stay on the ground.

Some tests conducted by the United States Department of Agriculture recently were brought to the attention of the United States Railroad Administration, and their results were so startling that the Administration desires to aid in gaining for them widest possible dissemination and most careful consideration.

The most striking consideration was that a 492 pound bale of cotton stored flat on the ground for six months lost 232 pounds, leaving 260 pounds for the market, while another bale stored properly in a warehouse lost only two pounds.

This means that, if the price was thirty cents a pound, the loss on the first bale was \$69.60. The loss on the bale in the warehouse was but sixty cents.

These tests occurred at Press No. 1 of the St. Louis Cotton Compress Company, Little Rock, Ark. Seven bales of cotton were purchased by the Department of Agriculture and stored under various conditions from November 25, 1918, to June 13, 1919.

Weekly observations were conducted and complete reports prepared upon

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-time Recipe that Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

CHANCERY NOTICE
The State of Mississippi,
County of Lowndes.
To John D. Bibb, Post office and residence, Anniston, Alabama; Becca Bibb King, Post office address and residence, 2025 E. 160 St., Cleveland, Ohio; Evelyn Bibb Galt, P. O. address and residence care of Mrs. E. P. Galt, Schma, Alabama; and to unknown heirs of Mrs. Sallie B. Hardy.

You are commanded to appear before the Chancery Court of the County of Lowndes in said State on the 22nd day of November, 1919, to show cause, if you can, why the final account of B.A. Lincoln Guardian for Mrs. Sallie B. Hardy, should not be approved and allowed and said Guardian discharged.

This the 27th day of September, 1919,

B. A. Lincoln, Clerk,
9:28 4w

At this season of the year the vitality is the lowest. Help nature to function thoroughly by drinking Shaver Spring water. Others are being benefited, why not you? Phone J. L. Walker & Company, and a bottle will be delivered at your door.

Normal Weight

Perhaps you are worried because your child does not pick up in weight? Better try

Scott's Emulsion

and watch how it helps make a thin child grow and put on weight. There is nothing quite so strengthening as Scott's Emulsion for a child of any age.

Scott & Bowes, Bloomsbury, N. J. 19-3

Right Reverend John E. Gunn,
Bishop of Natchez was a visitor to
Father Young Tuesday.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVES FAIRLESS CHILD TONIC given regularly will remove worms, will purify the blood, impress the digestion, and act as a General Strengthener to the whole system. Nature will then throw off these worms, and the child will be in perfect health. Pleasant to take. 50c per bottle.

KIDNEYS WEAKENING?

LOOK OUT!

The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she commonly calls GOLD MEDAL Haarlem Oil Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haarlem Oil Capsules. Take three or four a day, and if you are not satisfied with results your druggist will gladly refund your money.

Take the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out to feel clean inside; no sour taste to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gouty, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins, also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became exhausted with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

Get your Christmas cards here.
